Marketing text

Valuable source of protein for a vegetarian or vegan diet! Chickpeas taste slightly nutty and have a pleasant, mild aroma. Their protein and dietary fibers content is essential for the vegetarian and vegan cuisine. Rapunzel has been committed for many year to the cultivation of legumes in Europe. Cultivating domestic protein crops such as lentils, beans or lupines contributes to a more versatile crop rotation and helps to conserve soil health. Legumes can be cultivated without nitrogen fertilizers. This reduces soil pollution and at the same time, legumes also enhance soil fertility, as they can absorb atmospheric nitrogen in their roots. In addition, legumes are an important nutritional basis for pollinators such as bees.

Particularities

soft texture, keep their shape and color when cooked, cultivated in Europe, packed by Rapunzel

Usage instructions

For Asian-Oriental dishes such as dals, falafel or hummus, for salads, patties, stews or as a roasted snack, especially popular in combination with rice, quinoa or couscous.

Consumer storage instructions supplement

Store in a cool and dry place.

Preparation instructions

Rinse the chickpeas and soak during 8 to 12 hours. Rinse under running water. Bring 1 cup of chickpeas with 3 cups of water to a boil. Cover and let simmer for approx. 60 to 90 mins. at low heat. Salt and season after cooking.

Manufacturing

After the harvest, the chickpeas are cleaned and packed.

Ingredients
