Product description CSO: JUNGLE DRINK (10% JUICE)

Version date

11.08.2020

Outside of the EU a declaration of sodium on the nutrition declaration may be permitted. The national rules have to be observed. Within the EU only a declaration of salt is permitted on the nutrition declaration.

The content of salt (= sodium x factor 2,5) and the mineral quantities of water reflected in the nutritional table are already considered.

General comments

This non-binding ingredient declaration is given on our ingredients with respect to the known allergen potential, as per Regulation (EU) No 1169/2011. It is wholly the responsibility of the end manufacturer to ensure that all additional materials, ingredients used do not require allergen labelling in the final end product. Allergenic substances according to Regulation (EU) No 1169/2011 shall be emphasised through a typeset that clearly distinguishes it from the rest of the list of ingredients (e.g. means of the font, font style, ...).

This document was automatically generated and hence does not bear a signature.

All information is carefully compiled and represents our current knowledge. This Finished Product Information has been prepared taking into account the currently applicable food law regulations of the European Union. However, to ensure that the above product is in accordance with your country legislations, please obtain final confirmation from your local authorities.
