

**R&D PACKAGING**

Technical Schedule's Product drawn by the producer and communicated to Client

Articol number 50800 - RM.TONAT.160G SKJ MSC TP GRV 1X1X12

Consumer Unit

EAN code / Description

8004030125025 RIO M.TONAT. 160G P&L MS M 1X1

Dimension in	MM	Lenght	87	Width	86	Height	40
Packages stockable on the sheft							S
Nwe weight in G							160,000
Type of package							CLUSTER 1X1
Shelf life and unit							3,0 A
Optimal temperature on sale in degrees							0,000
AAcohol content in ml				anidri	0,00000	idrati	0,00000

Subpackaging

Number Unit for public in the subpackaging							0
Dimension in		Lenght	0,000	Width	0,000	Height	0,000
Gross weight in grammes							0,000
Type of container							
EAN code for subpackaging							
Printed code on subpackaging							

Trade Unit() 0,004 M3

Number of selling units for final shipper							Total	12,000
Number of subpacking in the final shipper								0
Dimension in	MM	Lenght	348	Width	258	Height		40
Gross weight in KG								2,583
Type of container								C
Maximum stock height on pallet								48
Code ITF/EAN assigned (regular product) final shipper								8004030125032
Code ITF/EAN printed?								S

Pallet

TU pallet								216
Type of pallet								EPAL
Characteristic of pallet								STANDARD
Number final shipper (Cartone) per layer (all or even layers only)								9
Total number of layers								24
Gross weight (palled included) in Kg								581,000
Dimension in	MM	Lenght	1.200	Width	800	Height		960
Type of pallet's stabilization								Estensibile
Maximum stocking of pallet (number pallets)								2
Pallet dimension in	MM	Lenght	1.200	Width	800	Height		1.110
Storage temperature				Minimum	0	Maximum		0
Limit of humidity instorage (in pourcentage)				Minimum	0,000	Maximum		0,000
EAN code for Pallet
