### Notes regarding nutrition declaration

According to Regulation (EU) No 1169/2011 the indication of fibre is optional within the EU.

The content of salt (= sodium x factor 2,5) and the mineral quantities of water are already considered.

Outside of the EU a declaration of sodium on the nutrition declaration may be permitted. The national rules have to be observed. Within the EU only a declaration of salt is permitted on the nutrition declaration.

### General comments

This non-binding ingredient declaration is given on our ingredients with respect to the known allergen potential, as per Regulation (EU) No 1169/2011. It is wholly the responsibility of the end manufacturer to ensure that all additional materials, ingredients used do not require allergen labelling in the final end product. Allergenic substances according to Regulation (EU) No 1169/2011 shall be emphasised through a typeset that clearly distinguishes it from the rest of the list of ingredients (e.g. means of the font, font style, ...).
