**INGREDIENTS**

olives\*: (olives\* , sea salt),  
 water, lemon juice concentrate\* ,  
 \* = organic cultivation \*\* = biodynamic cultivation

shelf life (wholesaler):                      240 Days

**nutritional regimen information** vegan:  yes     no      raw food:  yes     no

**Production**

The olives are manually picked. Harvest-fresh olives are very bitter and inedible. Therefore, the olives are stored in water and sea salt for several months in great, big barrels in order to remove their bitter substances. Next, they are filled into glass jars in a brine with water, lemon juice and sea salt. For preservation, the olives are heated.

**Product Information**

Amphissa' olives are grown in Central Greece. These manually harvested olives have a very aromatic flavor and are popular because of their firm, juicy pulp and their size. Amphissa olives are harvested still green in September/October. Pitted for quick and easy use.

**Usage**

ideal for antipasti, with salads or as tapa served with wine - as well as for noodle dishes and sauces, as pizza topping or for bread baking.

**Packaging**

Glass, white with lid

**Storage**

After opening store jar in a cool place and use up as soon as possible. Keep olives covered with brine.

**Legal product designation**

Olives Amphissa green without pit in brine
