

R&D PACKAGING

Technical Schedule's Product drawn by the producer and communicated to Client

Articol number 54342 - RM OO.160G SKJ MSC RW CNNG 1X1X12

Consumer Unit

EAN code / Description

8004030125001 RIO M.TONNO OO.160G P&L MS M 1X1

Dimension in	MM	Lenght	87	Width	87	Height	40
Packages stockable on the sheft							S
Nwe weight in G							160,000
Type of package							CLUSTER 1X1
Shelf life and unit							5,0 A
Optimal temperature on sale in degrees							0,000
AAcohol content in ml				anidri	0,00000	idrati	0,00000

Subpackaging

Number Unit for public in the subpackaging							0
Dimension in		Lenght	0,000	Width	0,000	Height	0,000
Gross weight in grammes							0,000
Type of container							
EAN code for subpackaging							
Printed code on subpackaging							

Trade Unit() 0,004 M3

Number of selling units for final shipper							Total 12,000
Number of subpacking in the final shipper							0
Dimension in	MM	Lenght	348	Width	261	Height	40
Gross weight in KG							2,520
Type of container							C
Maximum stock height on pallet							48
Code ITF/EAN assigned (regular product) final shipper							8004030125018
Code ITF/EAN printed?							S

Pallet

TU pallet							216
Type of pallet							EPRW
Characteristic of pallet							STANDARD
Number final shipper (Cartone) per layer (all or even layers only)							9
Total number of layers							24
Gross weight (palled included) in Kg							568,000
Dimension in	MM	Lenght	1.200	Width	800	Height	960
Type of pallet's stabilization							Estensibile
Maximum stocking of pallet (number pallets)							2
Pallet dimension in	MM	Lenght	1.200	Width	800	Height	1.110
Storage temperature				Minimum	0	Maximum	0
Limit of humidity instorage (in pourcentage)				Minimum	0,000	Maximum	0,000
EAN code for Pallet
