The ingredients are listed in descending order, starting with the highest quantity, and ending with the lowest, based on their amounts in the finished product.

Weight

37.5g

Interpretation of product coding

Batch coding/Lot marking from product manufactured in Poland:

Example of batch code: 02/06/2018 PL or Oct/2020 PL

0000362855-154 18:34

Interpretation: Best before dates, PL for Poland (manufacturing site location), 10-digit lot code followed by the Julian code 154 (Number of the day in the calendar year) and then 18:34 which refers to the coding time.

Twinings by means of the batch /Lot code are able to maintain full traceability.

Storage conditions

All products should be stored under clean, dry, hygienic conditions, away from products emitting strong odours (e.g. detergents, fruits, etc) and under ambient conditions of temperature and humidity and avoiding the extremes of temperature and humidity.

Shelf life

36 months

* Based on a green tea brewed with 200ml water for 2 minutes	

GMO's

Twinings maintain controls to ensure that no products contain Genetically Modified Organisms (GMOs) or any ingredients which have been irradiated.

Allergens

Twinings exclude ingredients that would require precautionary labelling of the current known major allergens as detailed in Regulation (EU) No 1169/2011 of 25th October 2011 and any subsequent amendments, which could cause adverse health conditions in sensitive individuals. Additionally, all raw ingredients used do not include any colours or flavour enhancers.

General

We hereby certify that the above products were produced and stored in compliance with the laws and regulations of the European Union. The products are sound, wholesome and fit for human consumption and all necessary precautions were taken during production and packing of the products to prevent the danger to public health.
