

**R&D PACKAGING**

Technical Schedule's Product drawn by the producer and communicated to Client

Articol number 54354 - RMOO 80G SKJMSC RW KA FI 80G 3X1X8 TZ

Consumer Unit

EAN code / Description

8004030103191 RM.TON OO.80G SKJ MSC UK KA 80G 3X1

Dimension in	MM	Lenght	201	Width	68	Height	35
Packages stockable on the sheft							S
Nwe weight in G							240,000
Type of package							cluster 3x1
Shelf life and unit							5,0 A
Optimal temperature on sale in degrees							0,000
AAcohol content in ml				anidri	0,00000	idrati	0,00000

Subpackaging

Number Unit for public in the subpackaging							0
Dimension in		Lenght	0,000	Width	0,000	Height	0,000
Gross weight in grammes							0,000
Type of container							
EAN code for subpackaging							
Printed code on subpackaging							

Trade Unit() 0,004 M3

Number of selling units for final shipper							Total
							8,000
Number of subpacking in the final shipper							0
Dimension in	MM	Lenght	268	Width	398	Height	35
Gross weight in KG							2,700
Type of container							C
Maximum stock height on pallet							120
Code ITF/EAN assigned (regular product) final shipper							8004030103207
Code ITF/EAN printed?							S

Pallet

TU pallet							216
Type of pallet							EPRW
Characteristic of pallet							STANDARD
Number final shipper (Cartone) per layer (all or even layers only)							9
Total number of layers							24
Gross weight (palled included) in Kg							606,000
Dimension in	MM	Lenght	1.222	Width	810	Height	840
Type of pallet's stabilization							Estensibile
Maximum stocking of pallet (number pallets)							5
Pallet dimension in	MM	Lenght	1.222	Width	810	Height	990
Storage temperature				Minimum	0	Maximum	0
Limit of humidity instorage (in pourcentage)				Minimum	0,000	Maximum	0,000
EAN code for Pallet
