Organoleptic standards:

Appearance

Steamed long-grain rice with distinct, separate grains. Evenly mixed with visible sweetcorn, diced red peppers, black beans, and onion pieces. Overall colour is a warm red-orange hue from tomato, paprika, and chilli, with occasional green jalapeño and coriander flecks. No signs of excessive oil separation, scorching, or discolouration.

Aroma

Aromatic and savoury with clear notes of tomato, garlic, and onion. Warm smoky chilli aroma from chipotle, supported by subtle cumin and paprika. No sour, musty, or burnt odours.

Flavour

Balanced savoury tomato base with gentle sweetness from sweetcorn and red peppers. Smoky heat from chipotle chilli, followed by a mild lingering warmth from cayenne pepper. Well-seasoned with salt and spices; chilli heat present but not overpowering. No off-flavours, bitterness, or excessive acidity.

Texture / Mouthfeel

Rice grains are tender yet firm with a non-sticky texture. Vegetables are soft but retain structure. Beans are fully cooked and creamy without being mushy. Overall mouthfeel is moist but not wet or oily.

Quality & Compliance

Production and Quality Assurance

Product is positively released after completion of thermal processing and meeting acceptance criteria.
