

## Analysis certificate

**Label :** Löwenbrau Original

**1. Ingredients**

Water (85 %), Barley malt (15%), Hop-extract (0,02%)

**2. Product composition**

Original gravity	°Plato	11.75
Apparent extract	°Plato	2.1
CO2 bottle	g/l	4.90
CO2 Can	g/l	4.90
CO2 Keg	g/l	4.90
Sulphite	< mg/l	10
Alcohol content	ml/100 ml	5.2
Alcohol content	g/100 g	4.1
Turbidity	EBC units	< 0,8
Energetic value	Kcal/l	450
Energetic value	KJoule/l	1,883

We attest that the analysed beer is free of

- sorbic acid, polyvinyl pyrrolidone and benzoic acid
- additives (unless otherwise mentioned on the label)
- heavy metals exceeding legal specifications
- constituents harming human health and other dangerous chemical or biological constituents
- any GMO or raw material which is genetically modified according to EU1829/2003 and EU1830/2003

We attest that the level of methylic alcohol and other toxic substances are in accordance with the international standards.

Microbiological specifications

- absence of pathogenic micro-organisms and coliforms
- lactic acid bacteria and pediococcus : 0/100 ml
- yeasts (anaerobic incubation) : 0/100 ml

Allergens

- contains Gluten
- SO2 < 10 ppm
