**Production**

Mature sugar canes are harvested, cleaned and cut to uniform sizes. The sugar juice is extracted in the sugar mill. In the next steps, the sugar juice is filtered and condensed. For the crystallization, the sugar juice is inoculated with sugar crystals. The newly developed crystals are separated from the molasses through centrifugation and packed as Cristallino cane sugar.

**Product Information**

Crystalline cane sugar with pleasantly mild taste. Produced according to fair trade criteria by Rapunzel HAND IN HAND partners.  
 The cane sugar is made from pure sugar cane juice that is gently condensed and combined with sugar crystals. The crystallized sugar is separated from the molasses and is dried subsequently. Part of the molasses stays in the product giving Cristallino cane sugar its slight golden color.

**Usage**

for sweet dishes, drinks, desserts and for baking

**Particularities**

packed by Rapunzel

**Packaging**

Paper bag with BOPP inner lining

**Storage**

Cristallino cane sugar is hygroscopic. Reclose bag tightly and store in a dry place in order to prevent sugar from clumping.

**Legal product designation**

Cane sugar
